**RE: Blenheim Gilboa Pumped Storage Power Project  
Schoharie Creek, NY**

Dear Mr. Bernick:

We have reviewed the relicensing materials for the above-referenced project.

The project is in Mohican territory but we do not have concerns with the relicensing unless new construction is proposed that has the potential to disturb cultural resources, in which case we would anticipate being involved in consultation under our Section 106 of the National Historic Preservation Act responsibilities.

Thank you for engaging us on this project.

Kind regards,

Bonney Hartley  
Tribal Historic Preservation Assistant
